

## PRESS RELEASE

# NSL Renewable Power Bags 'Greentech Environment Award – 2012'

**Hyderabad, November 2, 2012:**

NSL Renewable Power Pvt. Limited (NRPPL), part of the NSL Group, was conferred with the 'Silver Award' in the 'Renewable Power Sector' category for its outstanding achievement in the field of Environment Management for 2012. The award was presented by Mr. Bhaskar Chatterjee, IAS, Director General, Indian Institute of Corporate Affairs, Ministry of Corporate Affairs to Mr. Anupam Mathur, VP – Wind Energy, NRPPL at the Greentech Annual Environment and CSR conference, Hyderabad.

The Greentech Award presented to the Companies demonstrating highest level of commitment to Environmental Management. Greentech Awards serve as a catalyst to understanding the intrinsic value of Environmental Management in business excellence and sustainability. Evaluation of nominations for Greentech Environment awards is an intensive process. Nominations are evaluated by experts from Government, Academia and Industry.

### **Mr. M Prabhakar Rao, Chairman, NSL Group, said**

"We are greatly honoured to be recognized with the Greentech Environment Award for our Renewable Power business, which reflects the hard work and dedication of our entire team to continuously work for better environment management practices. Our mission has always been to implement innovative and sustainable renewable energy solutions to enable a world powered by clean and affordable energy."

Early 2012, NSL Renewable Power won the 'Best Operating Wind Farm' award from Indian Wind Power Association (IWPA).

NRPPL has about 182 MW of installed capacity in renewable energy comprising of 150 MW of wind power, 20 MW solar power plant besides two bio-mass plants of 6 MW each. NRPPL is also constructing two medium scale hydro power projects (100 MW and 44 MW) and two small scale hydro power projects (5 MW and 6 MW) in Himachal Pradesh. In addition, NRPPL has multiple wind power projects under development totaling over 700 MW, which will be implemented over the next 2-3 years. NSL Group is the promoter of Regen Powertech Private Limited, which is the fastest growing wind turbine manufacturer in the country.

### **About NSL Renewable Power:**

The objective of the Company is to generate power from Renewable Energy Sources. NRPPL has four divisions viz. Wind, Hydro, Biomass and Solar. The Company is in the process of setting up 700 MW of wind power projects in the states of Karnataka, Maharashtra, Andhra Pradesh, and Tamil Nadu for which allotments are in place. NSL Renewable Power operates in 6 States, covering 24 sites and having 9 offices.
